FITTINGS

DHI's Injection Division manufactures a wide variety of accessories, lids and fittings to meet the needs of our customers. Our polypropylene bulkhead fittings incorporate an innovative design that is proven to last.

10912

Features ...

- Retainer ring molded into each fitting prevents the sealing gasket from expanding or sliding out of position under compression.
- Bearing washer insures even compression on the gasket and promotes sealing.
- Each fitting features left hand compression threads to prevent loosening while installing mating fittings.
- Internal threads feature female pipe threads and are provided on both sides of the fitting - mating fittings can be installed on both sides of the installed fitting.
- Sealing gaskets are produced from durable Santoprene thermoplastic rubber (TPR).
- Fitting compression nuts feature a specially designed cross-section to prevent distortion under load.

BULKHEAD FITTINGS & SYPHON TUBES

PART NO.	DESCRIPTION	HOLE REQUIREMENT
10897	1/4" Brass Bulkhead	25/32"
