

## Chucker Sporting Clay Trap

The Chucker Sporting Clay Trap is a heavy-duty, three-quarter cock machine capable of throwing all sporting clay targets. The hub is fitted with oil seals for the long-term protection of your investment. The Chucker Sporting Clay Trap has dual arms with spring clips for "springing teal" and a 65-degree vertical adjustment for a wide variety of bird presentations. The vertical travel is easy to adjust and yet one of the most rigid on the market when locked.
